Great Circle

In 2009 Boys & Girls Town of Missouri and Edgewood Children’s Center merged to form a new organization, Great Circle. The goal of merging was to create a stronger voice in advocacy for children and families and provide streamlined and innovative services. The formation of Great Circle has expanded the horizons for not only Boys & Girls Town and Edgewood, but for the children and families we serve. We have expanded and improved current treatment programs, and have created new ones to answer needs in the community. Not only are we serving more children from more counties throughout Missouri and Metro East; we now are caring for kids from across the country. Today, Great Circle touches the lives of more than 10,000 children and family members annually from four regional campuses. In the St. Louis area, the agency operates under the Edgewood name. The Columbia, Springfield and St. James campuses continue to operate under the name Boys & Girls Town of Missouri. We sincerely thank everyone who has supported us not only during the last year, but through the long histories of both Boys & Girls Town and Edgewood Children's Center. Our commitment to the children and families we serve is stronger than ever. Our mission to reshape vulnerable lives through a community of partners, teachers and leaders, giving children and families the
confidence to create bright futures remains at the heart of everything we do. We look forward to fulfilling this mission for many years to come.

Memorial Health System

Memorial Health System is one of the leading healthcare organizations in Illinois—a responsibility we are proud to uphold. Founded in 1897 to meet the expanding needs of our communities, we have assembled an ever-growing team and vast resources. As an organization, we boast impressive numbers: 6,700 team members, 40,000 inpatients, and 667,000 outpatients annually. Yet what matters equally is the size of our heart. Our ambitions. And our potential to do bigger and better things. We’re achieving our goals by developing academic alliances with other respected institutions, including the BJC HealthCare Collaborative and the Southern Illinois University School of Medicine. By earning important credentials and accreditations. By making a real investment in employee development. And by building upon our reputation for excellence on the regional level, with the goal of realizing national prominence. Are you GUIDED BY GREAT? Become part of a team that is providing unparalleled care, and has unlimited potential to effect positive change. Share with us a higher purpose: to enhance the model of modern healthcare for every patient and professional—not just those who walk through our doors.

St. Louis College of Pharmacy
Founded in 1864, St. Louis College of Pharmacy is the third-oldest and 10th-largest college of pharmacy in America. The College primarily admits students directly from high school, and the curriculum integrates the liberal arts and sciences with a professional program leading to a Doctor of Pharmacy (Pharm.D.) degree. The College offers a full student-life experience, including nearly 50 student organizations and intercollegiate athletics. Exactly 1,350 students from 31 states and several countries are currently enrolled at the College.

**The Food Bank for Central & Northeast Missouri:**

We are one of six food banks in the state of Missouri, distributing over 31 million pounds of food to over 130+ agencies/food pantries/mobile pantries through our 32-county service area. At our Food Bank site, we have a volunteer room where volunteers can congregate for scheduled service shifts to repack bulk food items into individual and family serving sizes, making those food products ready and available to distribute to our agency sites.
