

**MISSOURI HEALTH SCIENCES PSYCHOLOGY CONSORTIUM**

INTERNSHIP PROGRAM TABLES

Date Program Tables are updated: August 31, 2017

**Internship Program Admissions**

The MHSPC participates in the APPIC match program and our policies are congruent with those of the [APPIC Match Policies](#). The selection criteria of the MHSPC emphasize the goodness of fit between the candidate and this training program. Academic achievement, clinical work, research productivity, and constructive relationships with instructors prepare a candidate to function well in this setting. In addition, compatibility of the candidate's professional goals with the training experiences emphasized by the MHSPC results in a productive internship year.

Successful applicants to the Truman VA internship positions have at least 150 individual therapy hours, have worked with at least 35 individual therapy clients, have at least 100 hours of individual clinical supervision, and have experience in psychological assessment and report writing. Many also have experience in hospital/VAMC settings.

Successful applicants to the Department of Health Psychology (UM-DHP) positions typically have more than 200 assessment hours specific to neuropsychology measures and have experience with integrated report writing. Most have worked in interdisciplinary centers and/or hospitals. Applicants planning to work in rural settings are also highly favorable.

Each year many more qualified applicants apply to this program than can be accepted. The MHSPC makes every effort to build the intern class with interns from a variety of training programs, differing backgrounds, diverse orientations, and different ages, backgrounds and life experiences. This commitment to diversity results in an enriched training opportunity for the internship class and reflects the MHSPC's recognition and appreciation of differences among psychologists.

Does the Program require that applicants have received a minimum number of hours of the following at time of application? No

Total Direct Contact Intervention Hours: No
