2018-2019 DHS Peer Mentee Interest Form

This form is due to Traci Scardina, Student Services Coordinator at: scardinat@health.missouri.edu

The Peer Mentor Program will aid in the transition and retention of first-year or transfer, Health Sciences students by providing mentees with a Health Sciences mentor in good standing. Mentees will be supported via a peer-to-peer-model and will gain academic, social and emotional support. Mentees will also be exposed to career exploration through the use of targeted communication; referrals to campus resources; and connectedness to campus life and experiential learning.

Requirement:

- Be an incoming, first-year or transfer, Health Sciences student
- Meet a minimum of twice, monthly with your mentor for the academic year
- Participate in two service opportunities with your mentor
